

# Get Wired: Wire Car Crafts from Malawi, Africa

Saturday, July 9 • 11:00 - 12:30 p.m.  
Grade 3 and up • Lewis Auditorium

Calling all inventors, car lovers, and creative spirits! In this family program we'll learn the story of Kondi—a young boy from Malawi in southern Africa—who built his own toy wire car out of recycled materials. Then you'll get chance to work with others to make one yourself! This free program is open to anyone in grade 3 and up, and families are encouraged to attend together.

**Get Wired** is part of the International Sister Cities program linking Urbana and Zomba, Malawi. The goal of Sister Cities is to: "Promote peace through mutual respect, understanding, and cooperation—one individual, one community at a time."

Cosponsored by the Urbana-Zomba Sister Cities Committee, the Center for African Studies, and the Office of the Vice Chancellor for Public Engagement.
